CONFIRMATION

SALAMANDER SPS only uses leather scraps that comply with the CITES (the Convention on International Trade in Endangered Species of Wild Fauna and Flora). Our leather scraps come from cow and calf hides.

We herewith confirm that our bonded leather consists of:

- ca. 60 % genuine leather fibres
- ca. 20 % natural latex
- ca. 10 % natural fat
- ca. 10 % misc. raw material (e.g. vegetable tanning agents, water, etc.)

Brussels' Tariff No. 4115 10

Sincerely Yours,

SALAMANDER SPS GmbH & Co. KG

Bonded leather fibre material is made of more than 90 % natural and renewable raw materials, as well as of different kinds of genuine leather scraps. Divergences and tolerances in colour, softness, touch and optic lie in the nature of the product and cannot be totally influenced by the manufacturer.
